PLUM - ON - LINE

Additional information

The plum-on-line package is a bespoke design solution tailored to your individual style and needs. Plum-on-line allows you the freedom and ease to have your design solution created for you without dedicating the time required to meet us in your home.

Choose plum-on-line now and the room of your dreams will start taking shape.

Step 1: choose plum-on-line and the square footage of your room.

Step 2: add the desired package to you shopping cart and complete the purchase process.

Step 3: you will receive an email confirmation of your purchase along a design information package we will need you to complete.

Step 4: complete the simple steps in measuring and photographing your room. Scan and upload the information to us along with any pictures and measurements of furniture you would like to keep in the room.

Step 5: one of our talented design consultants will carefully review the room measurements, photographs, questionnaire and the looks we love that inspire you. This information will be our guide in creating the perfect room for you. We will contact you if we need any additional information from you.

Step 6: you will receive your plum design solution in the mail.

You can purchase the selected plum furniture online at www.myplumdesign.com. Browse through other furniture options that you may also like to purchase.

On delivery day, our team of white glove installers will arrive to set up your furniture. We encourage you to book our stain sealing service for your new furniture.

Once your room is set up, you may feel that you need help with the special finishing touches. Book our plumping design package and have one of our team accessorize your room with lamps, pillows, vases, picture frames and mirrors to complete your room. Keep what you love and send the rest back with us.

Enjoy your beautiful room!
